In reply to your letter number 228/03 dated on 03.01.03 we wanted to notice that it is going on the anti-human and anti-democratic influences and effects against the active people of the Azerbaijan National Movement in South Azerbaijan. The people who demands the Azerbaijan National Human Rights in the framework of international rules appropriate to laws belonging to democratic fight are gone to prison, to courts and to other organs, their requests are being rejected. We ask you to supply the sending of juridical board to South Azerbaijan in order to:

- To provide open court for Ehmed Azeri and journalist questioning of Ali Suleymani in Erdebil arrested on his file on February 26;
- To mitigate and cancel the cruel decision made in Tebriz court regarding with the chief editor of the Shemsi Tebriz newspaper, Ali Hamidi Imani;
- As you know the people who took part in the Shebuster events on December 12 2002 went to prison with fictitious accusations.
